SEPTEMBER 1951 PRODUCTION REPORTS FOR METALLURGICAL ENTERPRISES (16 pp; German/Russian; Sep/Oct 51)

[ ] 25X1X

This document consists of a brief explanatory remark in English, and photostats of two tabular reports of six pages each and a three-page typewritten report; the 15 negatives are also included. The document can be divided into three parts:

1. Semimonthly tabular report, dated 18 September 1951, giving gross production fulfillment figures for important products. This report, prepared by the Ministry of Metallurgy and Ore Mining, Main Department for the Iron Industry, covers the period 1 - 15 September 1951. The headings of the tables, in German and Russian, are as follows: Plan item number; product; unit of measurement; month of report; quota (50 percent of the monthly quota), fulfillment during the report period, and fulfillment in percent. For the year: Plan quota [For the entire year], quota for the period since the beginning of the year, fulfillment since the beginning of the year, fulfillment of the plan quota in percent, and fulfillment of the quota for the period since the beginning of the year in percent. The products include: Pig iron (broken down into types of pig iron and the total broken down by plants), crude steel ingots, semi-finished materials, rolled steel, pipe, alloy steels, sheet, forgings, and by-products of the metallurgical industry (broken down into types of products and by plants).
2. Semimonthly tabular report, dated 3 October 1951, identical to the one described above, but for the period 1 - 30 September 1951.
3. A three-page typewritten analysis of the abovementioned report for September 1951, dated 3 October 1951, giving analytical remarks and explanations on various products.
